

## **Satan's Domain**

*"It is time for thee, Lord to work, for they have made void thy law"  
Psalms 119:126*

In the voice of the serpent the usage of The Word - The Creative Agent - is Malicious, shameful, demeaning, destructive, insidious and cruel to the representation of the Creator's Character. In Adam mankind followed the Shameful & cruel usage of the Word. He was invited to be in this world basically to placate his appetites and desires by having all things available to be consumed by his senses. The idea to be known, idolized and admired as a great godlike celebrity just because you have the means by which you can be the greatest consumer is the most horrendous, ghastly, terrible and pathetic picture we can give of God by what we say or do.

This attack on the Word, this cruel and shameful misuse is really what sin is all about. And since The Word is the controller and the heir of all things the diabolical task of all fallen angels, souls and spirits has always been to propagate and aggrandized this cruel, malicious and horrendous misuse of the Word. The attack on the Word is constant. Just as the human lung picks up oxygen and sends out pollution. This evil spirit of our age constantly picks the word and then sends The Word to distort and disfigure the Character of His own Father, The Creator of us all.

Only God notices when his representation is a malignant one. As He told the people of Israel that, He was going to save them from the misuse and abuse of His Son. When He told them that it wasn't for their sake, which he was going to save them, but for the sake of his Holy Name, meaning: His Sacred Representation for "Name" stands for representation. For why should my Holy Name be polluted, he righteously argues?
